Young performers steal the Show Arena Spectacular proving to be spectacular Cast decided for Arena Spectacular

The final casting decision for the lead male and female singers for the Arena Spectacular was made on Tuesday night, 9 May 2006.

The creative producer, Mark Eady, and musical director, Wes Taylor, had a difficult task before them. "There were a lot of talented men, women, boys and girls who auditioned for lead roles within the show, but two talented locals truly stood out," Mr Eady said.

Natasha Daniels, 19, of Buderim will fulfil the role of lead female and Liam Brew, 16, of Palmview will fulfil the role of lead male. "Natasha is not only a great singer but a great horse rider, so she gives us the ability to have her sing on horseback which really captures the whole outback theme. Liam also plays the guitar, so he'll also be a valuable member in the show band," said Mr. Eady.

The audition process saw an array of different performers ranging from a 70 year old singer down to a seven year old dancer. It goes to show that the Arena Spectacular is not only for the young, but also the young at heart.

Natasha Daniels was thrilled when she was told that she got the part. "It was probably the most excited I've been since I graduated from high school," she said.

Liam was also enthused when hearing the good news. "I am definitely looking forward to the show. It'll be the biggest performance I've ever been in with probably the largest audience too," he said.
