# **MEDIA ALERT**

## **Horse & Riders Needed for Arena Spectacular**

Producers of the Sunshine Coast 100<sup>th</sup> Show ARENA SPECTACULAR would like horse owners to know that there are still positions available to ride in the Stockmen's Tribute within the Sunshine Coast Show's feature attraction.

This is a unique opportunity for pleasure riders and professional to be trained by the Australia's leading horse masters Tony Joblonski and Donna Morton using troop drill sequences choreographed to beautifully scored music.

Tony & Donna coordinated the horse sequence in the 2000 Sydney Olympic Opening Ceremony as well as numerous films and the Man from Snowy River Arena Spectacular.

"There is always a patriotic lump in the throat and tear in the eye when the riding sequence is performed. Without doubt the most popular sequence in the show" said Producer Mark Eady.

24 horses and riders are needed for the sequence that can commit to each night of the show week as well as the 2 lead up weekend workshops with Tony & Donna.

It's your show so be part of it. Call John Ruttley after 7pm each evening on 54850248 or register online at [www.ozworks.net](http://www.ozworks.net)
